

GROUP INVENTORY

Suggested uses: Allow about 15 minutes before or after a Families Anonymous™ meeting for members to complete this group inventory. Provide each person with a pencil or pen and a copy of this form. Explain that a YES or NO answer means *most of the time*, and that if an answer is not known, it should be left unmarked. Collect everyone's completed forms and tally the results, comparing the YES and NO answers in each section. Report the results to the group at the next meeting, so that the group can decide which item(s) or section to address first.
